1 Extinctions, Abundance, Diversity

Figure 1: Random HL. Number of extinctions, total number of individuals and diversity (Shannon eq.)
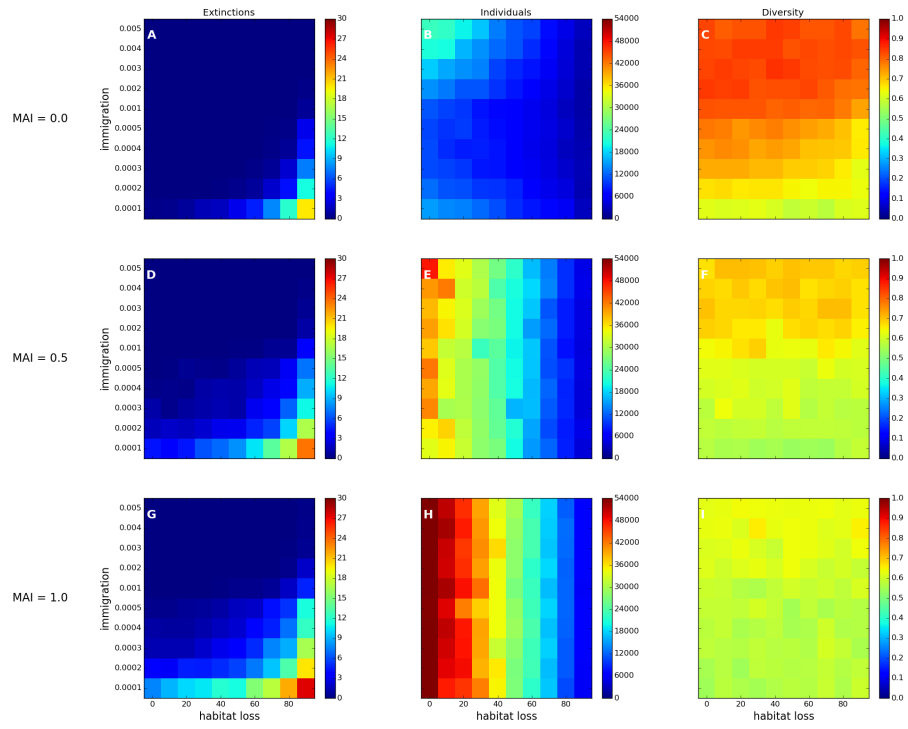

Figure 2: Contiguous HL. Number of extinctions, total number of individuals and diversity (Shannon eq.)

3

2 Interaction strengths, interaction frequency, and Variability

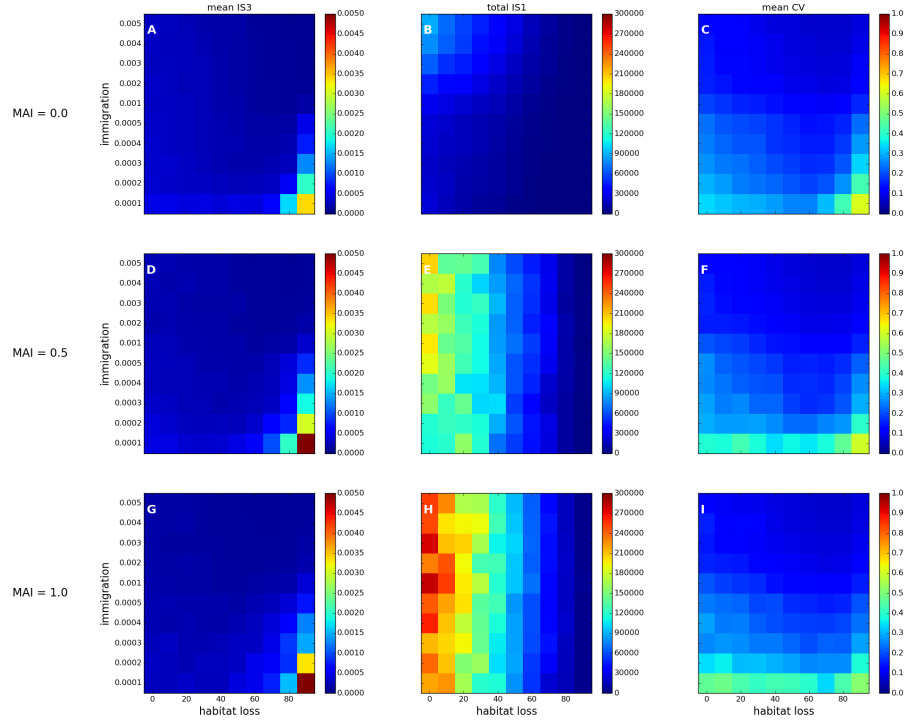

Figure 3: Random HL. Mean IS3, total IS1 and Variability.

Figure 4: Contiguous HL. Mean IS3, total IS1 and Variability.
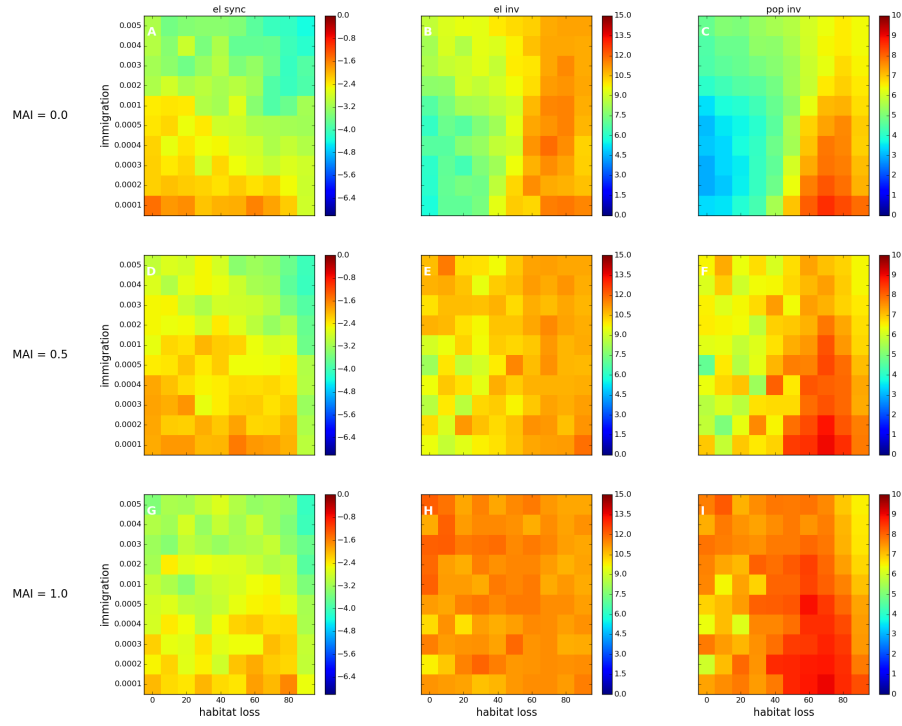

3   Invariability

Figure 5: Random HL. Ecosystem synchrony. Ecosystem invariability. Population invariability.
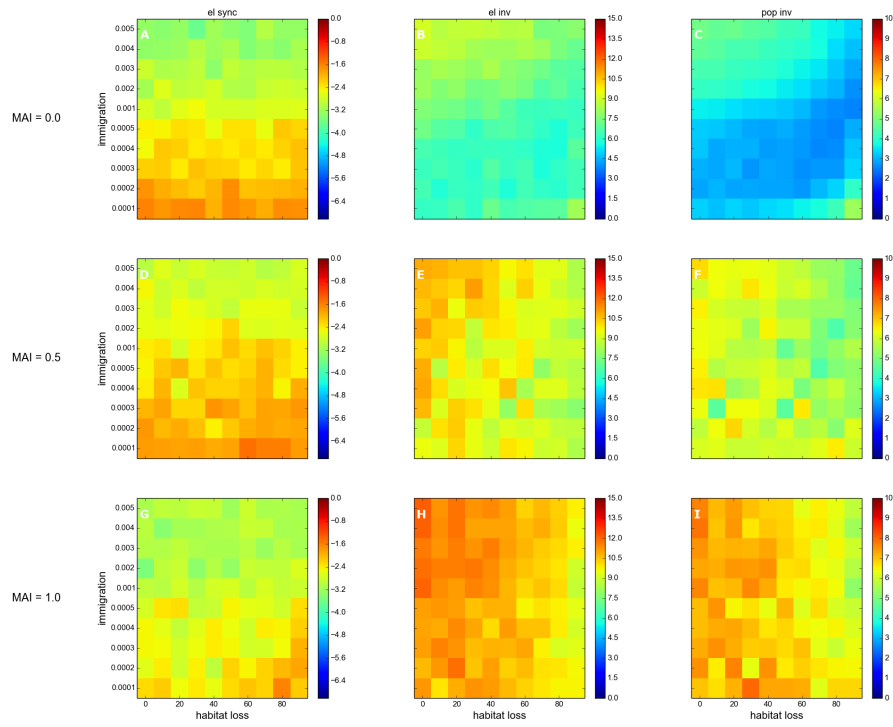

Figure 6: Contiguous HL. Ecosystem synchrony. Ecosystem invariability. Population invariability.
